

# Cutting Tools

## Cabide Tipped Reamer

Helix Angle Tolerance for outer diameter

Application: Mold steel and nonmetal material Main character: Specialized in ream process of mold, could reach perfect tolerance for outer diameter, the helix angle more larger, the surface more smooth.

### RMR- Uncoating

MODE	Diameter d	Flute Length l	Full Length L	Shank Diameter D	Flute No. Z
RMR085	8.5mm	33	117L	8	6
